There was an error in numbers and the texts in the results section, which should be revised as follows.

Results section (page 369)
Before correction: (baseline 66.7±12.2; and 12 months after registration 66.4±12.2; P=0.251).
After correction: (baseline: 24.0±3.1 and 12 months after registration: 23.9±2.9; P=0.247).

Before correction: (P=0.06 and P=0.07, respectively).
After correction: (P=0.07).

Results section (page 371)
Before correction: Table 3. Change in 1-Year ABC Levels according to Electronic Medical Records-Linked Diabetes Self-Management System Usage
After correction: Table 3. Changes in 1-Year ABC Target Achievement Rate (%) according to the Usage of the Electronic Medical Records-Linked Diabetes Self-Management System

We would like to apologize for any inconvenience or misunderstanding.
